CHRISTMAS LIGHT RECYCLING BIN HERE

ACCEPTED UNTIL JANUARY!

Why Recycle? Old holiday lights don't belong in your standard curbside bin! They wrap and tangle tightly around sorting machinery, causing expensive breakdowns and hazards. Drop them off here instead so their valuable copper, plastic, and glass components can be safely recovered and given a second life.

👍 WHAT TO BRING

- ✔ LED & Incandescent strands
- ✔ Icicle, net, & rope lights
- ✔ Holiday extension cords

🛑 KEEP OUT

- ✘ Artificial or real trees
- ✘ Glass ornaments or tinsel
- ✘ Batteries & tree stands

📍 **Inside the Breezeway**
Byron Fire District
123 N Franklin Street, Byron, IL
